WE ARE THE WARHAWKS

The ULM mascot is the Warhawk. We are named after the Curtiss P-40 Warhawk planes that the 1st American Volunteer Group flew in World War II under the leadership of General Claire Lee Chennault, who was from northeast Louisiana. The Warhawk evokes imagery of both the fierce fighter plane as well as a majestic, high-flying bird of prey. They soar over the skies to new heights. You too can Take Flight when you become a Warhawk.

WHERE

is Monroe, Louisiana located?

Monroe is the economic and cultural hub of northeast Louisiana, a region rich with outdoor recreation, like kayaking, hunting, and fishing. Monroe and its twin city across the Ouachita River, West Monroe, are filled with renowned restaurants, stylish boutiques, and fun live music events.

When you become a Warhawk at ULM, you will join a student body that feels more like family than a mass of faces. We affectionately call our home "the Bayou," thanks to the tranquil Bayou DeSiard flowing through the heart of our 248-acre campus.

WHAT IS A BAYOU?

A bayou is a slow-moving body of water. ULM is the only university in the world with a bayou running through it! Students like you will often kayak, paddleboard, and waterski on Bayou DeSiard between classes.
