

UNIVERSITY OF LOUISIANA MONROE FOUNDATION

POLICY NUMBER: 5.2

TITLE: Gift Acceptance and Disposition Policy

EFFECTIVE DATE: November 20, 2003

LAST REVIEWED: January 15, 2020

BOARD APPROVED: June 30, 2020

I. Introduction

The Board of Trustees of the University of Louisiana Monroe Foundation (hereafter referred to as “the Foundation”), with an understanding of their mission and responsibilities for accepting gifts on behalf of the University of Louisiana Monroe (hereafter referred to as “the University”), has established the following Gift Acceptance and Disposition Policy.

The policy’s purpose is to give guidance to the University community and the general public as to facilitation of this gift giving process. The Foundation recommends that all gifts be accepted or rejected in accordance with the policies set forth herein. To prevent conflict and misunderstanding, the guidelines are viewed as flexible and realistic in order to accommodate unpredictable fundraising situations and donor expectations. For a gift to be accepted, it must fulfill guidelines consistent with the University’s mission and Foundation policy.

II. Gift Acceptance Committee

The Foundation Board of Trustees, upon the recommendation of its Executive Committee and Gift Acceptance Committee (GAC), is responsible for formulating, implementing and amending the gift acceptance and disposition policies.

The GAC shall consist of the Foundation’s Executive Director and Chief Financial Officer and at least three Trustees of the ULM Foundation. To serve on GAC, Trustees should be knowledgeable and experienced with real and tangible property (land use, timber, oil and gas management, appraisals, and leases), estate planning, income tax laws, securities and / or legal aspects of gifts to non-profit entities. University representatives asked to serve on the GAC will serve as full members. The GAC shall exercise the oversight and responsibilities as to the gift giving process. The GAC shall report to the Executive Committee and Board of Trustees as needed.

A meeting of the GAC may be convened by the committee chair if a specific gift constitutes an exception to the standards as outlined in the Gift Acceptance and Disposition Policy and/or the gift has been challenged regarding its origin or scope. The GAC will review the information that has been presented by the staff and, if the issues involved have been satisfactorily resolved, may accept or reject the gift in question. If the issues involved have not been satisfactorily resolved, the GAC will either request additional information or decline or return the donation. The GAC will endeavor to respond promptly so that the gift can be completed in a timely manner to ensure donor good will.

III. Policy Amendment and Review

Responsibility for review of and recommended amendments to the policy shall be that of the GAC. This policy shall be reviewed every three years and whenever it becomes inconsistent with IRS regulations or other applicable state or federal laws. To amend these guidelines, a written amendment shall be prepared by the GAC and recommended to the Executive Committee for submission to the Board of Trustees for review and approval.

IV. ULM Foundation Acceptance of Gifts

Routine gifts are accepted and administered through the Foundation's Office of Development with final authority to accept such gifts lying with the Executive Director. Gifts that may expose the Foundation and/or the University to adverse publicity, require undue expenditures, or involve the Foundation or the University in unexpected responsibilities because of their source, conditions, or purposes will be referred to the GAC for review.

Once the Foundation has accepted a gift, it becomes Foundation property. From this point, the donor has no direct decision-making power regarding the disposition of the gift.

The recommended maximum length of pledges is five years. Pledges to be paid over periods of more than five years (extended pledges) must be approved by the GAC. The level of information required by the Foundation to make an informed decision regarding gift acceptance will vary depending upon the nature of the gift. If it appears that a gift may not be acceptable, it is the responsibility of the GAC to reach a decision promptly and convey this fact to the donor along with suggestions as to other avenues of making the gift.

If the fulfillment of the pledge has not been met within the committed term, a Development Officer consults with the donor to develop a payment plan to fulfill the pledge. If the donor is unable to fulfill the pledge, the Development Officer notifies the Executive Director who presents the default to the Board for action.

V. Gift Definition

For tax purposes, a gift is defined as a voluntary transfer of assets from a person or an organization to the Foundation where no goods or services are expected, implied or forthcoming for the donor. Gifts usually take the form of cash, securities, real property or personal property.

- A gift is motivated by charitable intent.
- Gifts are irrevocable transfers of assets. The Foundation is not obliged to return unexpended funds. (If the Foundation is unable to comply with the donor's intent, or if the gift has been misdirected to the Foundation (i.e. wrong payee), the Executive Director is authorized to approve the return of the gift. The return of a gift for any other reason must be reviewed and approved by the GAC.)
- Gifts are not generally subject to an exchange of consideration or other contractual duties between the Foundation and the donor, except for certain deferred gifts as set out in this policy.
- A period of performance is not specified.
- A gift is not completed until it has been accepted by the Foundation.

VI. Restricted Gifts

Restricted gifts are typically covered by written agreements between the donor(s) and the Foundation which document the restrictions and an alternate use if the restrictions become obsolete. Restriction(s) placed on the use of the funds contributed to the Foundation may be rendered illegal, unreasonable or unable to be fulfilled due to circumstances, including but not limited to the termination of a University program. If the donor(s) is unavailable to alter the account restriction(s), the Foundation shall consult with donor's representative or family members and the university President to restructure the gift to an alternate use with corresponding benefit / recognition to the donor.

VII. Gift Acceptance Conditions

- A. The Foundation will accept only gifts that are consistent with the core educational values of the University and are:
- compatible with the mission of the University and its individual programs;
 - compatible with and do not violate the terms of the University's accreditation;
 - in compliance with NCAA (athletic) requirements;
 - in compliance with the Internal Revenue Code of 1986, as amended ("IRC") and other federal statutes, regulations, rulings, or court decisions that stipulate the conditions under which contributions can be tax favored;
 - in compliance with State of Louisiana laws and regulations under which contributions can be given and received; and
 - compatible with the Foundation's tax-exempt status.
- B. The Foundation will **not** accept any gift that:
- violates any federal, state or local statute of ordinance;
 - creates a fund to provide for scholarships, fellowships, professorships or lecture series with restrictive clauses that could cause embarrassment to the University, or that reserve to the donor or his/her representative the right to designate the recipient if the recipient is related to the donor or is deemed ineligible by the University;
 - contains a condition that requires any action on the part of the University that is unacceptable to University administration;
 - obligates the University to a financial commitment;
 - commits the University to name a fund where the gift is revocable in any way;
 - requires tuition payments for a family member of the donor;
 - exposes the Foundation to litigation or other liabilities;
 - requires the payment of maintenance costs (e.g. debt service) for which no specific provision has been made;
 - generates unrelated business income tax, or
 - appears to be financially unsound.

Unless a specific exception is granted by the GAC, the Foundation will immediately sell all gifts of stock or property so that it can invest the proceeds in accordance with Foundation investment policies.

VIII. Fees

A. Finder's Fees or Commissions

Consistent with codes of ethics of the Association of Fundraising Professionals and the National Committee on Planned Giving, no finder's fee or commission of any type will be paid by the Foundation to any party.

B. Professional Fees

Professional fees and other reasonable costs of a gift acquisition are normally paid by the donor. However, there may be occasions when a prospective donor conditions the gift on the Foundation's agreement to pay such costs. The Foundation will verify the reasonableness of the costs and that the cost reimbursement complies with state and federal requirements, including but not limited to tax laws and professional ethical guidelines. If appropriate, the Foundation may agree to cover gift acquisition costs from its operating budget.

C. Administrative Fees

To the extent permitted by law, the Foundation reserves the right to levy administrative fees on endowment accounts, life income plans, and charitable trusts where appropriate. The Foundation Finance and Administration Committee, with approval of the Board of Trustees, may establish fees annually based on the Foundation's cost of administration of gifts (refer to ULM Foundation Administrative Fee Policy 5.8).

IX. Appraisals

When requested, all appraisals of real and personal property contributed to the Foundation shall be done in accordance with IRS Publication 561, "Determining the Value of Donated Property," with a fair market valuation of real property being prepared by a qualified MAI appraiser that is acceptable to the Foundation. Note: Property that is to be sold to the University must adhere to additional State restrictions.

It shall be the responsibility of the donor to pay appraisal expenses unless the Foundation agrees to share the cost. Any appraisal cost borne by the Foundation must be approved by the GAC.

X. Professional Advisors

A. Donor's Use of Professional Advisors

All prospective donors will be urged to seek their own counsel in matters of estate planning, taxes, and planned gifts. *The Foundation, through its policies or otherwise, is not engaged in rendering legal or tax advisory services. Individuals considering gifts to the University are encouraged to obtain the services of a financial advisor.* If a prospective donor has not yet established a relationship with a qualified professional advisor, representatives of the Foundation may refer the prospective donor to qualified professionals. However, the donor shall be presented with a listing of professionals listed on the Foundation's referral list. It is important that the professional receiving the referral know that he/she is being retained by the prospective donor and is representing only the prospective donor's interest.

B. Foundation's Use of Legal Counsel

All specimen agreements of the Foundation are to be reviewed by legal counsel upon adoption of this gift acceptance and disposition policy and the GAC shall consult with the Foundation's Executive

Director for any agreement or transaction that does not fall within the scope of this policy. The decision regarding which agreements do not fall within the scope of this policy shall be the responsibility of the GAC.

XI. Gift Acknowledgement

The Foundation will acknowledge the receipt of all gifts in writing and in a manner that satisfies the IRS's substantiation requirements set forth in IRC Section 170(f) for the deduction of charitable gifts by individual donors.

It is the intent of the Foundation to disclose appropriate information about the operation of annuities and trust arrangements to donors to the time of the gift.

XII. Types of Acceptable Gifts

Gifts are either outright or deferred. The most common gifts to the Foundation are outright gifts. In addition to cash gifts, the Foundation accepts gifts of securities, real property, and personal property. Deferred gifts, also called planned gifts, are arranged with the Foundation during the donor's lifetime, but the benefits to the University do not accrue until a later time, usually after the death of the donor or his/her beneficiaries. Bequests are the most common deferred gift. Other such gifts include naming the Foundation as the beneficiary of a life insurance policy, a charitable gift annuity or a life income agreement.
