Applicants who are regularly admitted to the Graduate School are admissible to this program. A cohort GPA of 3.0 at completion is required for this program.

## Supervised Clinical Experience

**Note:** The clinical experience requirements in this section are preloaded from the prior year's IPRC. Teacher preparation providers will enter the number of participants each year.

Provide the following information about supervised clinical experience in 2020-21. ([§205\(a\)\(1\)\(C\)\(iii\)](#), [§205\(a\)\(1\)\(C\)\(iv\)](#))

Are there programs with student teaching models?

### Please provide any additional information about or descriptions of the supervised clinical experiences:

Alternative certification students must complete 40 hours of supervised classroom experience with diverse settings. Candidates are required to complete to two consecutive semesters of internship, beginning in the fall. During the internship, students serve as the teacher of record in their certification area. As teachers of record, candidates work full time for 180 days. They are responsible for planning, teaching, managing classrooms, assessing, managing data, and maintaining adequate records. They are evaluated and compensated by the district and must meet standards of teaching effectiveness and professionalism. Candidates have access to all of the professional learning and development opportunities provided by the district. In some districts they are also provided a mentor. Candidates complete relevant coursework during their internship, including a required internship course. The internship course requires candidates to be teachers of record in their certification area.

# Enrollment and Program Completers

THIS PAGE INCLUDES:

>> [Enrollment and Program Completers](#)

In each of the following categories, provide the total number of individuals enrolled in teacher preparation programs for an initial teaching credential and the subset of individuals enrolled who also completed the program during the academic year.

**(§205(a)(1)(C)(ii))**

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

- [Enrolled Student](#)

Race/Ethnicity	Total Enrolled	Subset of Program Completers
Two or more races	4	2
No Race/Ethnicity Reported	1	1

## Teachers Prepared

On this page, enter the number of program completers by the subject area in which they were prepared to teach, and by their academic majors. Note that an individual can be counted in more than one academic major and subject area. For example, if an individual is prepared to teach Elementary Education and Mathematics, that individual should be counted in both subject areas. If no individuals were prepared in a particular academic major or subject area, you may leave the cell blank. Please use the "Other" category sparingly, if there is no similar subject area or academic major listed. In these cases, you should use the text box to describe the subject area(s) and/or the academic major(s) counted in the "Other" category.

If your IHE offers both traditional and alternative programs, be sure to enter the program completers in the appropriate reports. For the traditional report, provide only the program completers in traditional programs within the IHE. For the alternative report, provide only the program completers for the alternative programs within the IHE.

After entering the teachers prepared data, save the page using the floating save box at the bottom of the page.

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

- [Academic Major](#)

## Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2020-21.

For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. ([§205\(b\)\(1\)\(H\)](#))

### What are CIP Codes?

No teachers prepared in academic year 2020-21

If your program has no teachers prepared, check the box above and leave the table below blank (or [clear responses already entered](#)).

What are CIP codes? The Classification of Instructional Programs (CIP) provides a taxonomic scheme that supports the accurate tracking and reporting of fields of study and program completions activity. CIP was originally developed by the U.S. Department of Education's National Center for Education Statistics (NCES) in 1980, with revisions occurring in 1985, 1990, and 2000 (<https://nces.ed.gov/ipeds/cipcode/Default.aspx?y=55>).

## Teachers Prepared by Academic Major

Please provide the number of teachers prepared by academic major for academic year 2020-21. For the purposes of this section, number prepared means the number of program completers. "Academic major" refers to the actual major(s) declared by the program completer. An individual can be counted in more than one academic major. If no individuals were prepared in a particular academic major, please leave that cell blank. ([§205\(b\)\(1\)\(H\)](#))

Please note that the list of majors includes several "Teacher Education" majors, as well as several noneducation majors. Please use care in entering your majors to ensure education-specific majors and non-education majors are counted correctly. For example, if an individual majored in Chemistry, that individual should be counted in the "Chemistry" academic major category rather than the "Teacher Education–Chemistry" category.

# Program Assurances

THIS PAGE INCLUDES:

>> [Program Assurances](#)

Respond to the following assurances. Teacher preparation programs should be prepared to provide documentation and evidence, when requested, to support the following assurances. ([§205\(a\)\(1\)\(A\)\(iii\)](#); [§206\(b\)](#))

## Program Assurances

**Note:** This section is preloaded from the prior year's IPRC.

1. Program preparation responds to the identified needs of the local educational agencies or States where the program completers are likely to teach, based on past hiring and recruitment trends.

- Yes  
 No

2. Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom.

- Yes  
 No

3. Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subjects.

- Yes  
 No  
 Program does not prepare special education teachers

4. Prospective general education teachers are prepared to provide instruction to students with disabilities.

- Yes  
 No

5. Prospective general education teachers are prepared to provide instruction to limited English proficient students.

- Yes  
 No

6. Prospective general education teachers are prepared to provide instruction to students from low-income families.

- Yes  
 No

7. Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable.

- Yes  
 No

8. Describe your institution's most successful strategies in meeting the assurances listed above:

Curriculum is approved by the Board of Regents, which ensures successful candidates fulfill requirements for initial licensure. Program Completers are deemed highly qualified according to state requirements. In addition, we provide monthly seminars that address best practices and current research as informed by partner district personnel. Also, program providers have established a two-way information sharing system that entails an electronic database of teacher candidates and completers and reported district shortages and current staffing needs. This open communication provides the basis for collaboration around current instructional practices and action research data. All of our program plans of study include coursework related to students with exceptionalities as well as culturally proficient pedagogy and practices. This provides the foundational understanding for differentiation and meeting the needs of all learners. Conversely, all teacher candidates pursuing a special education certification are required to receive dual certification

in general elementary or a secondary content area.

# Annual Goals: Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

2. Describe your goal.

Identify current teachers who would be potential candidates for certification in mathematics and actively recruit those individuals.

3. Did your program meet the goal?

- Yes  
 No

4. Description of strategies used to achieve goal, if applicable:

Meetings with K-12 district partner liaisons to identify candidates, including uncertified teachers, for the Mathematics certification program.

5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

Identify candidates, including uncertified teachers, for the Mathematics certification program.

6. Provide any additional comments, exceptions and explanations below:

## Review Current Year's Goal (2021-22)

7. Is your program preparing teachers in mathematics in 2021-22? If no, leave the next question blank.

- Yes  
 No

8. Describe your goal.

Provide additional support to teacher education mathematics candidates through Praxis preparation and mentoring.

## Set Next Year's Goal (2022-23)

9. Will your program prepare teachers in mathematics in 2022-23? If no, leave the next question blank.

- Yes  
 No

10. Describe your goal.

Recruit recent graduates in non-education undergraduate programs at the university for post-baccalaureate certification in Mathematics education.

The pass rates table is populated from files provided by the testing company or state. The table provides information on the performance of the students in your teacher preparation program on each teacher credential assessment used by your state. In cases where a student has taken a given assessment more than once, the highest score on that test is used. In the case of a teacher preparation program with fewer than 10 scores reported on any single initial teacher credential assessment during an academic year, the program shall collect and publish information with respect to an average pass rate and scaled score on each state credential assessment taken over a three-year period. **(§205(a)(1)(B))**

Please note that this page does not have an edit feature as the pass rates have already been through several rounds of verification. If you identify an error, please contact RTI's Title II Support Center and your testing company representative.

## Use of Technology

1. Provide the following information about the use of technology in your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request. ([§205\(a\)\(1\)\(F\)](#))

Does your program prepare teachers to:

- a. integrate technology effectively into curricula and instruction

Yes  
 No

- b. use technology effectively to collect data to improve teaching and learning

Yes  
 No

- c. use technology effectively to manage data to improve teaching and learning

Yes  
 No

- d. use technology effectively to analyze data to improve teaching and learning

Yes  
 No

2. Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

In their professional education courses, students are required to create lesson plans that contain student-centered technology use. Additionally, teacher education candidates create an electronic showcase portfolio. Technology standards (ISTE) are addressed in all coursework. Professional development for both faculty and students is regularly offered to maintain technology standards.

Provide the following information about your teacher preparation program.

**(§205(a)(1)(G))**

**Note:** This section is preloaded from the prior year's IPRC.

## Teacher Training

### 1. Provide a description of the activities that prepare general education teachers to:

#### a. Teach students with disabilities effectively

Undergraduate-level Alternative certification general education teacher candidates take SPED 2002 (Elementary) - Survey of the Education of Children with Special Needs and CURR 3002 (Secondary) - Inclusive Instruction for Secondary Students. In these courses candidates analyze the instructional needs of exceptional children and apply strategies and curriculum modifications in the general education classroom. Graduate-level Alternative certification general education teacher candidates take CURR 5046 (Elementary) and CURR 5047 (Secondary) - Educational Techniques for Diverse Learners in Inclusive Classrooms. In these courses candidates analyze the instructional needs of exceptional children and apply strategies and curriculum modifications in the general education classroom.

#### b. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*.

All of the courses described above prepare candidates to participate as members of individualized education program teams

#### c. Effectively teach students who are limited English proficient.

All of the courses described above prepare candidates to carry out accommodations for students who are limited English proficient.

### 2. Does your program prepare special education teachers?

- Yes  
 No

If yes, provide a description of the activities that prepare *special education teachers* to:

#### a. Teach students with disabilities effectively

Initial certification Special Education programs at ULM are only offered at the graduate level through the alternative certification program (MAT with Mild/Moderate Concentration). Special education courses included in the program (CURR 5004, SPED 5002, SPED 5005, SPED 5006) focus on culturally relevant pedagogical practices that increase success for students with special learning needs. Candidates apply these strategies in supervised lesson delivery. Faculty provide guidance and support through lesson observation analyses and feedback as well as simulation experiences and case studies. Candidates learn to respond to special learner characteristics by planning adaptive/accommodating strategies that will be applicable in tiered instructional design, and they receive training in interpretation of evaluation results for instructional planning. These courses familiarize candidates with characteristics of disabilities and accommodation strategies to implement in the general education classroom. Candidates learn about RTI and the referral/IEP process and the role(s) they will play in the process and have opportunities to create and teach. Candidates learn about RTI and the referral/IEP process and the role(s) they will play in the process and have opportunities to create and teach.

**b. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*.**

The program provides guidance and supervision in the roles and responsibilities of the special educator in RTI, IEP, and transition processes, and provides background information and experiences to promote culturally sensitive collaboration between parents, students, school professionals, and pupil appraisal. Every course includes field experiences and opportunities to reflect on and share insights with other participants in the course. Since the candidates in this program are teaching full-time in classrooms, they have multiple opportunities to apply preparatory coursework concepts in actual IEP meetings and collaboration with parents.

**c. Effectively teach students who are limited English proficient.**

Graduate-level candidates take CURR 5046 (Elementary) and CURR 5047 (Secondary) - Educational Techniques for Diverse Learners in Inclusive Classrooms. These courses, described above, prepare candidates to carry out accommodations for students who are limited English proficient.

## Contextual Information

Please use this space to provide any additional information that describes your teacher preparation program(s). You may also attach information to this report card (see below). The U.S. Department of Education is especially interested in any evaluation plans or interim or final reports that may be available.

The teacher education programs at ULM offer multiple unique opportunities for the students. All students are assigned a personal adviser upon entry to the program and receive readily available assistance in navigating their program. Undergraduates begin their school-based experiences during their first years in the program and participate in increasingly responsible supervised teaching assignments throughout their coursework. Principals have indicated that ULM students walk into the classroom on their first day knowing how to teach. Classes are small, promoting collaboration among students and providing accessibility to mentoring faculty. The program uses a cohort model that is unique compared to programs at other institutions. The State has told all institutions to type "9999" for Title II questions pertaining to supervised clinical experiences prior to and during Student Teaching. A requirement by the USDE to provide one single number of clock hours prior to and during Student Teaching does not result in accurate data being reported for institutions in Louisiana. This is due to the fact that all Traditional candidates must complete a One Year Residency, and minimum clock hours are based upon instructional time in individual schools and differ if completing B-K, PK-3, 1-5, 4-8, 6-12, and K-12 programs. The Louisiana Board of Elementary Education's Bulletin 996: Standards for Approval of Teacher Preparation and/or Educational Leader Preparation Programs states that all Traditional Teacher Preparation Programs must have candidates complete a One-Year Residency in a public or approved non-public school classroom in the certification area with a teacher of record who holds a valid level 1, 2, 3, type A, or type B teaching certificate in the area for which the candidate is pursuing certification. For certification in B-K, PK-3, 1-5, or 1-5 integrated to merged, candidates must spend a minimum of 80 percent of the residency school site's instructional time each week engaged in residency activities. For certification in K-12, 4-8, 6-12, 4-8 integrated to merged or 6-12 integrated to merged, candidates must spend a minimum of 60 percent of the residency school site's instructional time each week in the first semester and 80 percent of the residency school site's instructional time each week in the second semester engaged in residency activities. Teacher preparation providers may seek approval to offer an innovative residency model that does not meet the minimum instructional time requirements but meets a specific workforce need and includes high-quality clinical experiences throughout the program and intensive clinical experiences throughout the residency year.
