

National Community Pharmacist Association and Louisiana Independent Pharmacies Association

NCPA-LIPA COLLEGIATE CHAPTER

The LIPA/NCPA collegiate chapter is designed to provide pharmacy students with an in-depth look at independent pharmacies, ownership, and its privileges. As a student member you will receive, and be able to contribute to, a weekly newsletter distributed across the state that provides the latest news concerning independent pharmacies and the profession at large. You'll have the opportunity to interact with local pharmacists from across the state, as well as nationally, by attending national conventions hosted by the National Community Pharmacists Association.
