

## Live TV with Dish OnStream by Boldyn Networks

<https://www.watchdishtv.com>

With OnStream, you can watch a lineup of live streaming TV accessible throughout your campus, even outside your own residence hall (on approved networks). OnStream lets you stream the live TV you love wherever you want on your own devices – no TV required.

- Watch through the web browser (Chrome browser is recommended) on your laptop, tablet or phone. No app required.
- No need to log in to watch Live TV – just connect to an approved WiFi network\*.
- Go to [www.watchdishtv.com](https://www.watchdishtv.com) or use the QR code to open your browser to the OnStream page.
- Also available with features below on FireTV and Roku devices – search “OnStream” for the app. If the app is not found, your device may not be supported. Be sure to use the latest OS versions for the device.
- Need Support? Contact Boldyn Support at (855) 290-7137

\*Approved WiFi networks are selected by your school. The Live TV connection will drop when you move between an approved and an unapproved network, or onto mobile (cellular) data.

### OnStream Features

On an approved WiFi network, open your favorite browser and go to [watchdishtv.com](https://www.watchdishtv.com) (Dish recommends the Google Chrome browser but others should also work.)

Go to the TV Guide to see what’s on now and look ahead at programming for the rest of the day. If desired, filter for Sports, Movies, News, or Kids programs to make scrolling through options easier.

Select a show to see details and/or watch it. While watching, you can go full screen, activate Close Captions, adjust volume, and open the mini-TV Guide at the bottom to see other watching option.

If DVR is enabled at your school, you can create an account and sign in to record shows and watch them later. Note that you don’t need to log in just to watch Live TV. Signing in will also allow you to set Favorite channels in the TV Guide, making it easier to navigate.
